Community Chest Drive Falls Short; Plan May Be Dropt

Pahokee and Canal Point residents have failed in another drive to raise funds and this time it is the Community Chest that is going to come up short. An over-all goal of \$7,650 had been set for the Chest and at the start of the drive it looked like the goal would be reached.

Up to date something over \$6,000 has been raised and members of the Community Chest say that this puts the drive about \$1500 short of the goal. It means that all recipients of funds from the Chest will necessarily have to reduce their budgets about twenty percent. The fund, for instance, was on the list for \$1500—now, that organization will have to make out with a sum around \$1200.

Members of the Chest drive have worked harder this season, than ever before in an effort to reach the goal of \$7,650. Civic organizations, women's groups and others have joined wholeheartedly in the drive but their efforts have not been rewarded 100 per cent. It is the opinion of several on the Chest committee that this is the last year that such an effort will be undertaken.

In years gone by, there have been dozens of different drives each year. Donors have gotten off lightly by donating through this community chest in that they give once and once only. But, such was not the case before the days of the Chest and such will not be the case in the future when the Chest plan is dropped.

Funeral Services For R. L. Parker

Funeral services for R. L. Parker, 53, of Pahokee were held in the Allapattah Baptist Church in Miami Thursday, May 19, at 2 p. m.

Mr. Parker died at a Miami hospital Tuesday morning following a recent operation. He had been a resident of Pahokee for the past five years, coming here from Miami, and was employed by the Miami Herald as distributing agent for the Glades area.

He is survived by his wife, Stella Pahokee; three sons, L. G. W. Parker, USMC, Cherry Point, N. C., Waldo Parker, USN, Norfolk, Va., and Carroll Parker, Junior College student, West Palm Beach; three daughters, Mrs. Maynard Rhodes and Mrs. Bill T. Buxton, Miami, and Mrs. Charles D. Ullman, Boston, Mass.; his mother, Mrs. Daisy LaDuke Miami; three brothers Carl, Los Angeles, Calif., Bernice and Audrey, Lyons, Ga.

Burial was in Miami. Litgrows' Funeral Home was in charge of arrangements.

William Durey of Fort Myers was brought to the Everglades Memorial Hospital for treatment for burns and shock Tuesday after coming in contact with a live wire while working near the Gulf Oil Company's bulk plant in the Pelican Lake district.

Bank Of Pahokee In New & Modern Home In About Three Weeks

President H. M. McIntosh of the Bank of Pahokee said yesterday that plans call for moving into the new bank building in about three weeks. Workmen are busy this week installing furniture and fixtures which, when completed, will be the finest in Florida.

The fixtures are made of American Walnut and the most modern banking facilities are to be available to patrons of Palm Beach county's oldest banking institution. The bank will be air conditioned.

Plans Drawn For New Legion Home

James T. Holden, who was delegated by Fred and Percy Mansfield Post 90 to draw plans for the proposed new Legion Home in Pahokee, presented the completed plans for the first estimate on cost at a meeting of Post 90 in the woman's clubhouse Monday night.

The group voted to again sponsor the pending of a Pahokee High School to Boys State in Tallahassee again this year and Paul Tillery was named chairman in charge of this project. The choice of the boy to be sent to Tallahassee with all expenses paid will be made by the high school faculty. It was also voted to continue the Legion's sponsorship of the annual citizenship awards to the outstanding Senior boy and girl in citizenship at Pahokee High School.

The barbeque which the Legionnaires gave for members of the Auxiliary on Friday, May 13, was reported a success and final plans were completed for the "Miss Everglades" dance which Post 90 is sponsoring in the Elks Hall Saturday night for the benefit of the swimming pool.

PRICES DOWN AS MUCH AS 50 PCT. IN NEW CATALOG

CHICAGO — Sears, Roebuck and Co. issued its midsummer sale catalog Tuesday with sharp price cuts ranging as high as 50 per cent.

Furniture prices were reduced an average of 15 per cent, compared with the price level in the big mail order firm's spring and summer general catalog.

Shoe prices in some lines were rolled back to the 1946 level, the company said, with reductions ranging to 20 per cent.

Coach Cook Goes To Lake Worth High

W. H. Cook, former St. Louis professional football player and for the past several years coach at Belle Glade High School, has been transferred to Lake Worth, it was announced last week by the Palm Beach County Board of Public Instruction. He will replace Al Smith as head football coach. Smith took the reins when Buddy Goodell resigned last year following a salary dispute.

Scout Hut Site Is Being Considered

Canal Point Lions at their Monday dinner meeting resumed discussion of a suitable site for the proposed new scout hut for Canal Point boy and girl scouts. The plot of land north of the Canal Point waterworks plant, originally designated as a city park by the owner, the U. S. Sugar Corp., was judged by the Lions as an ideal spot for scout grounds and it was suggested that if this land is made available to the community it could be easily developed into a park and scout grounds combined for the recreational enjoyment of the entire community. The club secretary was instructed to write to the USSC in regard to obtaining this land for community use.

On the program Road Patrolman W. R. Kaufman gave an educational talk on "Safety on the Highways." He was introduced by T. W. Griffith. Sheldon Upthegrove, USN, brother of Osceola Upthegrove, who was a visitor, gave a brief talk and played two piano solos. Manning I. Keen, president of the Pahokee Club, invited the Canal Point Lions to take part in the festivities at the opening of the community swimming pool Saturday and Frank Rozelle urged a good turnout of Canal Point boy scouts at the Gulf Stream Council camporee at the Pahokee city park May 27-28. Mr. Rozelle gave a report on the recent Lions Convention.

Anderson Chastain reported that the club had sent the local child in urgent need of eye care to eye specialists in West Palm Beach who examined the child and recommended further study of the case before definite treatment is started.

Swimming Pool In Pahokee Will Be Officially Opened Saturday At 1 P. M.

Barfield Highway Gets Priming Oil

County road forces are at work rebuilding Barfield highway, a county road, in Pahokee. The shoulders have been widened and the road bed widened and a surface of 24 feet will be put on, County Commissioner Paul Rardin said. Prime oil was put on the highway Thursday.

Pahokee Band Wins State Meet Honors

Bandmaster Robert O. Lampi's Pahokee High School Band won one first division rating in sight reading and second division rating in concert playing and marching at the State Music Contest and Festival in Jacksonville last weekend. In the National School Band Manual the terminology for second division rating is "excellent" and for a first division rating, "superior."

The snappy Pahokee aggregation, representing the smallest school enrollment in its class, gave a fine performance under the highest judging standards at the State Contest and was topped only by the Lake Wales, Largo and Quincy bands in Class CC competition.

Two Greyhound busses were chartered to carry the 60 members of the band personnel to and from Jacksonville. On the return home the group enjoyed a brief visit at Silver Springs. In addition to Mr. and Mrs. Lampi and children, the band was accompanied on the trip by Mrs. V. J. Jernigan, Mrs. J. W. Cruthirds and Mrs. W. A. Stevens, Sr., who acted as chaperones.

HOTELS ARE NOT WORTH AS MUCH AS DURING WAR

The luxurious oceanfront Macfadden-Desauville hotel will be sold a tuction June 1.

In a petition for the sale, the receivers said that as of Dec. 12, 1948, the hotel was appraised at \$1,355,000.

"On account of the decline in values which has occurred on Miami Beach since Dec. 12 . . . said property now has a valuation of approximately \$1,000,000," the receivers declared in their petition.

Johnson Grocery Has Week End Values

Frenchy Johnson at Johnson's Grocery out at Streamline in Pahokee is offering some dandy grocery bargains again this week. In looking over the list of many bargains we came across the three following items which sounded like money-savers: Three pound can of Bake-Rite for 73c; smoked bacon in squares 25c lb.; fancy rice two pounds for 25c. If you have a few minutes to spare and want to save some real cash we suggest that you go by Johnson's and look over the many week end offerings.

The dedication and grand opening to the public of the new Community Swimming Pool in the Pahokee city park will be celebrated on Saturday, May 21, with gala festivities and a continuous program of entertainment starting early in the afternoon and lasting late into the night.

Festivities get under way at 12:30 p. m. when, the Pahokee High School Band will lead the big parade from the center of town to the gleaming new pool in the city park on Bacom Point Road. At 1 p. m. President Manning I. Keen, representing the Pahokee Lions Club, sponsor of the swimming pool project, will deliver a brief address dedicating the pool to the city of Pahokee, which will be in charge of its operation and management, and present a pair of scissors to Mayor T. C. Richardson who will cut the ribbon at the entrance.

At 1:30 p. m. a softball game will be played on the diamond in the city park by Pahokee and Belle Glade Lions. After the ball game the pool will be the scene for a professional water show at 3 p. m., featuring the swimming and diving of Catherine and Evelyn Rawls, Florida's famous swimming stars. The Rawls sisters will be introduced by Ben York of West Palm Beach.

At 3:30 p. m. the contest for the naming of "Miss Produce of 1949" from among the little girls of the community from three to five years of age will be held. This event will be followed by the bathing beauty contest for single girls from 16 to 21 years in which the judges will select the beauty queen, "Miss Everglades." Judges for the "Miss Everglades" contest will be C. H. McNulty of Melbourne, Lions International director, and Lions district governors Dr. Charles E. Hicks of Lake Worth, Dr. C. W. Pressler-Pettis of Kissimmee, Robert C. Halgren of Fort Myers and Earl Milton of Fort Lauderdale.

A fitting climax to the afternoon of free entertainment will be the big fish fry with all the trimmings, starting at 5 p. m. The drawing for the Chevrolet sedan will take place at 10 p. m. and the final event on the program, a big dance sponsored by the American Legion in the Elks Hall, starts at 10:30 p. m. The feature attraction at the dance will be the crowning of the lovely Miss Everglades at 11 p. m.

The new community pool, which has been under construction for the past two years, is a regulation 35 by 75 foot size and of the most modern construction, approved by the State Board of Health. Built under the sponsorship of the Pahokee Lions it has been financed largely by public subscription at a cost of approximately \$30,000 not including donations of much volunteer labor. The public in general is invited to the opening and free entertainment. Special invitations have been issued to all Palm Beach County officials and visitors from throughout the state are expected to be present.

Legislature Nears End Of 60 Day Grind

(By Ralph Blank)
RDB Manager

TALLAHASSEE—Probably no Legislature in Florida's history has worked harder and passed less constructive legislation in a six weeks' period than the 1949 Solons. As the sixth week drew to a close Friday at noon no major bills have gone to the Governor for signature. The Senate spent nearly three days battling over the citrus program this week and the Governor's recommended measures emerged triumphant, but they still must run the gauntlet of the House Citrus Committee and will be subjected to a terrific attack on the floor of the House.

Despite frenzied efforts of floor leaders in both House to speed up legislation the calendar "bogged down" and moved forward at a snail's pace. Many legislators are disgruntled and dissatisfied at the first six weeks' results. Weary, nerve-wracked member of the House clashed on many occasions during the past week. There is a woeful lack of organized leadership and sound advanced planning. Local bills, particularly salary increase bills, retirement, race track, municipal excise tax measure and similar proposals consume much time.

Flood Control and Water Conservation bills on both the Senate and House calendars move forward at a very slow pace. Despite the fact that Florida is offered by the Federal Government the greatest single state water conservation project in the history of our Nation, little discussion is heard around hotel lobbies or in the Capitol rotunda. In the meantime, selfish interests which attempted to abolish the Everglades Drainage District and side-track our Flood Control program in the 1947 session are again at work. While professing complete loyalty to the program they are working like termites to undermine the structure and create discord and division among the ranks of proponents of Water Control. Local delegations, special interests and back home constituents descend on the Capitol in increasing hordes.

Senator John Beacham in the Senate Appropriations Committee and B. Elliott in the House group are both striving to have the \$3,250,000 required to comply with the Federal Governments program for the biennium placed in the General Revenue bill, earmarked, and paid from the General Revenue Fund.

A number of local Palm Beach

County bills cleared the calendar of the House and Senate during the past week. Increased salaries to \$5,400 for our County Commissioners, salary increases for commissioners of the Port of Palm Beach, creation of our 22nd municipality—Highland Beach—are included in those bills awaiting the Governor's signature. Charter changes for the City of West Palm Beach, as well as four measures affecting the municipal government of Belle Glade have passed the Senate. The House passed two bills Thursday with referendum attached—one abolishing rent control in the City of Lake Worth, the other authorizing the Board of County Commissioners to levy a one-quarter mill tax for advertising and publicizing Palm Beach County.

The sixty-four dollar question remains "where do we get the money" to run the State Government for the next two years. Many are convinced that one or more special 20 day sessions will be necessary. The legislators don't want to be recalled to Tallahassee and are striving desperately to find a solution. A number of sales tax plans and measures, retail, wholesale and transaction in charter, are making their appearance. John Bollinger of Palm Beach County and other economy minded legislators fundamentally opposed to a sales tax, contend economies in government and a close scrutiny of the State's financial structure may reveal that we do not need additional taxes.

Racing Dates Are Changed In Capital

TALLAHASSEE—A bill that would change the allotment of Florida racing dates passed the House last week by a vote of 58 to 29. The bill provides six, 20-day racing periods; the track with the highest take having its choice of any two periods. That would mean the Hialeah would continue to take the choice mid-season dates it claims at present as the biggest revenue producer. Gulfstream Park, next highest money-maker, would have next choice.

Representative Lantaff of Dade County said the measure would cause "Tropical Park to lose money as it would have to take the first and last 20-day periods."

Before its passage the bill was amended to provide that if any track goes out of business, the Racing Commission would allocate its racing days equally between the other tracks.

Lantaff contended that the amendment indicated that supporters of the bill expected it to put Tropical Park out of business.

Flood Control Bill Offered In Tally

TALLAHASSEE—A bill creating the Central and South Florida Flood Control District and allowing a one-mill maintenance tax on all taxable property in the district was unanimously passed by a House committee Monday.

The bill also calls for a tax of three-tenths of one mill this year to finance organization of the district. The one-mill district levy would be only for maintenance and not construction.

No opposition was received after the drainage and water control committee put on the one-mill levy and approved several other minor amendments.

More than 50 supporters of the proposal were present at the committee meeting, but none spoke.

Originally it was planned to levy one maintenance tax on the basis of benefits derived from the project.

Several other bills relating to flood control also were approved by the house.

One provides for the eventual abolishment of the Everglades drainage District and its absorption by the new district when it is established.

Another would authorize the dedication of certain public lands in the district for the conservation program. However, this was amended to eliminate the authority to exchange land owned by the Everglades Drainage District for private lands within the new district.

Sen. James Franklin of Fort Myers said the amendment was needed to protect holders of district bonds.

The committee also approved a measure to permit the district to take title to lands in condemnation suits immediately and permit the courts to set a fair price at a later date. The federal government now operates under such a procedure in condemnation suits.

Cubans Spend Much Cash In Florida

MIAMI—A survey completed recently by Bill Abbott of the Tampa Morning Tribune staff, shows that in 1948 Cuban customers spent more than seventy million dollars with Florida firms. Since the war, Florida's business with Cuba has developed to such an extent that it now ranks close to the state's No. 1 crop of citrus fruits which is worth from \$80,000,000 to \$100,000,000. Florida can thank the Cuban sugar industry for this increased business, Mr. Abbott states, "since sugar is the basis of Cuba's economy."

Cinematic Chatter

With the crew and passenger list of "Luxury Liner" containing such illustrious names as George Brent, Jane Powell, Lauritz Melchior, Francis Gifford, Marina Koshetz and Xavier Cugat and his orchestra, you can be sure of a colorful cargo of romance, laughter and song, at the Prince Theatre, this Sunday-Monday, when this gorgeous picture is filmed.

The romance is chiefly in the hands of the romantic ship's captain, George Brent, and his most beautiful passenger, Frances Gifford, although teen-age also comes into its own in the person of the young thrush Jane Powell. It is Miss Powell, playing the captain's daughter and a stay-away on the cruise to Rio, who plays cupid to her father's romance, contrives to get a few kisses of her own from a junior officer and in a jubilant climax, achieves her ambition to sing with famed operatic star Lauritz Melchior.

So trip up the gangplank of the Prince Theatre this Sunday-Monday, board the Luxury Liner and come with us on one of the most delightful cruises you have ever expected to enjoy.

See you at the movies—Mal.

Governor Threatens To Remove Officials In Hillsborough Co.

The three officials said they had no comment on the Governor's warning.

How Would You Say It?

Curley Lawson's cousin from back East and a few of us got talking when he was here visiting, and I couldn't help noticing how different he said things.

For instance, he said, "Lifting that 200-pound bag of cement almost killed me." "You mean sack of cement?" asks Curley, (That's the way we'd say it.) "No," interrupts young Elliott who'd spent a lot of time down South, "He means a 'poke of see-ment.'"

It was good for a chuckle, anyway. Bag, sack or poke—we knew

what he was trying to say. It just depends on where you are in the U. S., which way sounds right.

From where I sit, whenever we criticize someone for sounding funny to us, we ought to think how we sound to them. It's the same as choosing your liquid refreshment. I'm accustomed to a moderate glass of beer—you may like ginger ale—but who's to say the other's wrong? I'd say we're both right!

"Uncle" Tom Taking Time Out For Rest

"Uncle" Tom Campbell, sports fan par excellence and kindly mentor to a generation of Pahokee High School athletes, has entered Mrs. Shirley's nursing home in Lake Worth for rest and special care.

Uncle Tom, 81 years young while attending a Blue Devil game, is still able, despite a nervous disorder, to get around on his own two feet, and before leaving for Lake Worth attended the Pahokee First Methodist Church with a regularity that shamed some of the younger members.

At Lake Worth he will be in the pleasant company of persons his own age and will have access to recreational pastimes not available in this bustling agricultural community.

The nursing home is located at 217 South E. Street, Lake Worth. Visitors are welcome or it will take only a minute to drop a few lines of greeting to the "grand old man" of the Pahokee-Canal Point area.

Young Roosevelt Is A Winner

NEW YORK—Franklin D. Roosevelt, Jr., won a seat in Congress Tuesday night in a battle with Tammany Hall which his father fought early in his political career 35 years ago.

The lanky, handsome young scion of one of the nation's famous political families was the first of the late President's five children to run for office.

He piled up such a commanding lead in the 20th congressional district special election that his Democratic foe conceded defeat an hour after the polls closed.

New Head For State Advertising Group

TALLAHASSEE—Howe Sadler has been named acting director of the Florida State Advertising Commission to succeed Roy C. Beckman, who resigned. Sadler for the past three years has headed the Florida News and Photo Service at Jacksonville, which has handled the Commission's publicity campaign under private contract.

This contract was recently cancelled and the news and photo bureau was absorbed into the Commission's regular staff. Allen Morris, commission vice chairman, who announced Sadler's appointment, said he would take over the director's duties without additional compensation. He gets \$8,100 a year, which is the salary paid to him by the private agency. Beckman received \$7,500.

Sadler has 24 years' experience in newspaper, press association, public relations and advertising work. Morris said the Commission will not replace John B. Parham, Jr., who announced his resignation as research director on May 3. Morris said the Commission had abolished the position April 30.

State Employees Cannot "Politick"

TALLAHASSEE—Echoes of the 1942 governorship race reverberated in the Senate Tuesday with passage of a bill to bar state officials and employees from certain political activities.

Already passed by the House, the bill now goes to the office of Gov. Fuller Warren where it originated, for his signature.

The act makes it a misdemeanor or punishable by up to 30 days in jail or a fine up to \$1,000 for any state officer or employee to:

1—Use his official authority or influence to influence an election or nomination for office.

2—Coerce, command or even advise any other state officer or employee to contribute to a political campaign fund.

3—Take an active part in political management or in political campaigns.

In his runoff with Dan McCarty in the 1948 governorship race, Warren charged that the Caldwell administration was actively backing McCarty and that employees in the beverage and road departments were instructed by their chiefs to work for him.

Cpl. Elton Dixon, USMC, returned to Camp Lejeune, N. C., Thursday after spending a leave here with his parents, Mr. and Mrs. W. R. Dixon. He was accompanied as far as Brunswick, Ga., by his mother and brother, Devie Dixon, who are visiting relatives there for a few days.

It was decided to hold regular club meetings the first Tuesday of each month and the annual club dues was set at \$1.35, 35 cents of which goes to the State Confederation and the balance to the local club. Pahokee Lions Bite The Dust As Rotes Win Ball Game 23-16

About once every blue moon the Pahokee Rotary club shows signs of life and does something to warrant its existence for another few months. This time theirs was quite an accomplishment because the organization outdid the Pahokee Lions Club in a contest and that's something.

It all came about last Sunday afternoon when the community swimming pool builders held open house and entertained those who visited the pool. A soft ball game was staged between the ever-prancing and always-bragging Pahokee Lions club and the gradually-aging Rotary club. Believe it or not, the Rotarians came out on the long end of a 23 to 16 score. Many of the Rotarians participating in the game have been rushing the drug stores this week for Sloan's liniment but the pain is forgotten when they think about that sweet victory over the Lions.

**CHURCH OF CHRIST,
SCIENTIST**
"SOUL AND BODY" is the sub-
ject of the Lesson-Sermon which
will be read in Churches of Christ,
Scientist, throughout the world on
Sunday, May 22.

The Golden Text is: "The light
of the body is the eye: if therefore
thine eye be single, thy whole body
shall be full of light" (Matthew
6:22).

Among the citations which com-
prise the Lesson-Sermon is the fol-
lowing from the Bible: "We are
confident, I say, and willing rather
to be absent from the body, and to
be present with the Lord" (II Cor.
5:8).

The Lesson-Sermon also includes
the following passage from the
Christian Science textbook, "Science
and Health with Key to the
Scriptures," by Mary Baker Eddy:
"The belief that a material body
is man is a false conception of
man. The time has come for a
finite conception of the infinite
and of a material body as the seat
of Mind to give place to a diviner
sense of intelligence and its mani-
festations,—to the better under-
standing that Science gives of the
Supreme Being, or divine Princi-
ple, and idea" (285:16).
